

B. Your Home Page

The page you see after logging in is your home page at the HMGA website. Most of the content on the home page is made available by officers of the association. You will find brief reviews of recent tournaments or events, as well as information about upcoming events and the current weather conditions. From this page, you can access all of the site's features and utilities.

Figure 4: Example of the home page

Navigation tabs- These tabs are constantly displayed at the top of the page, no matter where you are on the website. Each tab is a link and is labeled according to what section of the site it corresponds to. Clicking on a particular tab will take you to the indicated section of the site. You can tell which section of the site you're viewing because the corresponding tab will be highlighted in yellow.

Left navigation menu- This menu functions similarly to the navigation tabs, but it also includes links to the "Handicaps" and "Contact Us" sections of the website.

Events box- This box displays the next two scheduled events you're eligible for. The date, time, and location of the events are included in this information. The name of each event is also a link which you can click on to sign up for the event. See page 12 to learn how to sign up for events.

C. MGA News

In the News section, you'll find all the latest news articles. Click on "Show All Headlines" to see all available articles. The headline of each article is also a link which takes you to the article itself.

Latest News

This is the depository of all knowledge relating to your association. Listed below are the latest headlines, the date the story was last updated, and a brief description.

D. Events Calendar

In this section, you can view both upcoming and past events by month. There are two columns for each month. The first displays "Monthly and Special Events" and the second displays events on a particular day of the week. For example, if you viewed the Events Calendar on a Tuesday, the right column would show all upcoming events taking place on the Tuesdays of the month.

As with the Events Box on the home page, the listed events are also links which you can click on for more options. If the event has already occurred, you can view its results. If the event is upcoming, you will have several options, such as signing up for the event or viewing a description of the event.
